WILDY'S BOOK NEWS

Volume 18 Issue 4 Published Monthly

Apr/May 2013

This issue of the Book News has been done a little early this month as we are off to Montreal for the Canadian Association of Law Libraries meeting. We look forward to seeing all our old friends there.

This past month has seen the funeral of Margaret Thatcher which passed in front of our small shop in Fleet Street. We have also been the set for a period film called *Angelica*. The shop in Lincoln's Inn has appeared in many films and in many guises. We have a couple of photos.

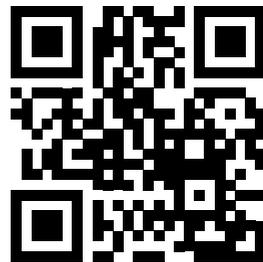

Now we have got over the publication of the White Book and the Green Book, the next big publishing event will be Sealy & Milman *Annotated Guide to the Insolvency Legislation 2013*. If you haven't let us know yet, please give us your orders so we can get copies to you on the day of publication.

It is with great sadness that we have to announce the retirement of Colin Wickham due to ill health. Colin wishes to be remembered to all his friends and will be sorely missed by us all.

The second edition updates the reader with developments in case law and legislation and also covers a more extensive range of offshore jurisdictions including new coverage of Switzerland, Dubai, Hong Kong, Alaska, Nevada, Singapore, and Liechtenstein. Considering the impact of the G20 and more recent OECD discussions on confidentiality, disclosure, and tax issues, this new edition

brings the reader up to date with the changing regulatory landscape concerning the offshore sector.

The use of offshore vehicles for international financial transactions is flourishing and is becoming more and

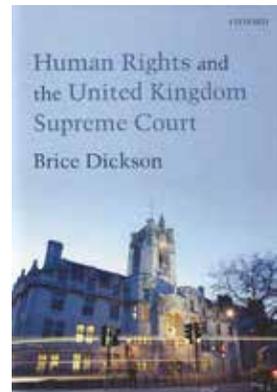

more popular in the Asia Pacific region. The Fourth Edition of this landmark work *Bermuda, British Virgin Islands and Cayman Islands Company Law* is an indispensable, practical guide to the laws of these important jurisdictions. This new edition examines these major changes and provides updated analysis, commentary and template forms for a variety of actions as well as extracts of relevant regulations. The side-by-side comparison of these three jurisdictions is particularly useful for onshore practitioners or company secretaries.

text, personal injury law has witnessed momentous changes. A major overhaul of the social security system began in 2012 and the Equality Act 2010 significantly modifies anti-discrimination law and its impact on the disabled. But perhaps the most important legal developments have affected the financing and conduct of personal injury claiming and the operation of the claims-management industry. This new edition takes account of all this activity while setting it into a wider and longer perspective.

John Finnis is a pioneer in the development of a new yet classically-grounded theory of natural law. His work offers a systematic philosophy of practical reasoning and moral choosing that addresses the great questions of the rational foundations of ethical judgments, the identification of moral norms, human agency, and the freedom of the will, personal identity, the common good, the role and functions of law, the meaning of justice, and the relationship of morality and politics to religion and the life of faith. This volume, which gathers eminent moral, legal, and political philosophers, and theologians to engage with John Finnis' work, offers the first sustained, critical study of Finnis' contribution across the range of disciplines in which rational and morally upright choosing is a central concern. It includes a substantial response from Finnis himself, in which he comments on each of their 27 essays and defends and develops his ideas and arguments.

IMPORTANT FORTHCOMING PUBLICATIONS

The Law of Personal Property

by Michael Bridge, Louise Gullifer, Gerard McMeel and Sarah Worthington

Sweet & Maxwell, Hardback, ISBN 9781847037992, £225.00, due July 2013

This new book provides you a thorough overview of personal property and covers both tangible and intangible aspects, including things in action, intellectual property rights and shares and securities. In addition it also examines all modes of dealing with or transferring interests in intangible property. This brand new title adopts a consistent analytical approach differentiating: (A) the interests in things recognised by English law, (B) the various modes of acquiring such interests, and (C) the procedures for vindicating or enforcing those interests. It analyses and explicates key cases from a variety of jurisdictions, and covers commercial topics such as retention of title clauses and Quistclose trusts by locating them within the wider common law and equitable principles. It also extends to private international law (conflicts), insolvency and

procedural issues which arise in respect of personality.

Syndicated Lending: Practice and Documentation 6th edition

by Mark Campbell and Christoph Weaver

Euromoney Books, Paperback, ISBN 9781781370988, £199.00, due May 2013

Syndicated Lending 6th edition has been substantially revised to take account of market developments since 2008 with a number of new supplements. It covers all aspects of the syndicated loan market including the history of the market, landmark transactions and its future. It combines a practical guide to all stages of a syndicated loan transaction with a deeper analysis of the structure of the market. The new edition is the only book of its kind to combine a detailed practical overview of both the financial and legal aspects of Syndicated Lending - benefitting from contributions by both a leading Syndicated Lending Bank (Royal Bank of Scotland) and law firm (Clifford Chance) - and provides all the information needed to be able to bid for and win a mandate, price the

deal, document it and close syndication. It covers the legal and economic issues comprehensively. All the contributors are leading practitioners in today's markets including lawyers, bankers from every relevant banking discipline (origination, syndicate, sales, transaction management, agency), IT providers, information platform professionals.

Murphy on Evidence 13th edition

by Peter Murphy and Richard Glover

Oxford University Press, Paperback, ISBN 9780199669875, £35.99, due Jun 2013

Murphy on Evidence is firmly established as a leading text for use on undergraduate law courses and in preparation for professional examinations. Frequently consulted by judges and practitioners and regularly cited in judgments, it has come to be regarded as a work of authority throughout the common law world. The book's unique approach effectively bridges the gap between academic study of the law of evidence and its application in practice, combining

detailed analysis of the law with a wealth of practical information about how it is used in the courtroom. As in previous editions, the author's teaching method is centred around two realistic case studies - one criminal and one civil - presenting challenging evidence issues and questions for discussion at the end of each chapter. The case study material for this new edition has been further developed with new podcasts and videos on the Online Resource Centre. Fully up to date with the latest developments in this fast moving subject, the thirteenth edition of *Murphy on Evidence* is as indispensable as its predecessors.

Bank Guarantees in International Trade 4th edition

by Roeland F. Bertrams

Kluwer Law International, Hardback, ISBN 9789041122575, £176.00, due May 2013

For decades, this remarkable book, now in its updated fourth edition, has served practitioners in international trade and banking law as a thorough 'codification' of the law and practice of bank guarantees. The new edition has been thoroughly revised, updated, and amended in the light of new developments in the law and changing pat-

terns in practice. Bertrams uses case law, arbitral decisions, and legal writing from five European jurisdictions; The Netherlands, Germany, France, Belgium, and England, to build an analysis of how the practical applications of bank guarantees have established a pattern of law. The new edition takes into account all legal and arbitral decisions and relevant legal writing through 2012 from these countries, as well from other European countries and the United States. Written from a transnational perspective, Bank Guarantees in International Trade can be used in both civil and common law jurisdictions and it has been cited as an authoritative source of case law in several jurisdictions from each system. With reference throughout to the effect and significance of the Uniform Rules for Demand Guarantees (URDG) of the International Chamber of Commerce, International Standby Practices (ISP), and the UNCITRAL Convention on Independent Guarantees and Stand-by Letters of Credit, the author continuously elucidates the way guarantees function in actual practice and the numerous practical aspects and issues to which they give rise.

THE LAW OF THE MANOR

2nd Edition

Christopher Jessel

Price:	£165
ISBN:	9780854901104
Extent:	582 pp
Binding:	Hardback

The Law of the Manor is the definitive work on the subject, providing detailed, up-to-date and comprehensive coverage for lawyers and also to those owning, managing, selling or buying historic houses and estates. It provides a modern description of the law associated with lordships of the manor. Principally concerned with the lands and rights of the lord, the book also considers rights that tenants of the manor can claim against him. These are put in context with a discussion of associated topics such as franchises and titles of nobility.

The second edition has been updated to cover numerous developments in the law since 1998, in particular the Land Registration Act 2002, the Countryside and Rights of Way Act 2000 and the Commons Act 2006. The book includes changes made by the Hunting Act 2004, the House of Lords Act 1999, and the Legal Services Act 2007 as well as the relevant case law. New material has been included on escheat, rectorial manors and roadside verges. There is also greater coverage of legal authorities especially in the eighteenth and nineteenth centuries and a selection of useful precedents for the practitioner. Although the book is about the law of the manor in England and Wales, there is some reference to other jurisdictions, most notably the experimental extension of the manorial system to some American colonies.

The text is arranged in five parts. Part 1 describes the context, summarises the history and analyses custom which is the basis of manorial law. Part 2 describes the lands of tenants and lords and the relations between them. Part 3 discusses rights and comprises a detailed commentary on section 62(3) of the Law of Property Act 1925. It covers rights of common, mineral and sporting rights, courts and remaining revenues. Part 4 sets the manor in the context of other institutions, namely the village, the church, towns and feudal relationships. Part 5 summarises and looks at the modern manor, its documents, conveyancing (with particular reference to registered land) and taxation, concluding with suggestions for reform.
